Alabama Department of Education
Joseph B. Morton
State Superintendent of Education

No person shall be denied employment, be excluded from participation in, be denied the benefits of, or be subjected to discrimination in any program or activity on the basis of disability, gender, race, religion, national origin, color, age or genetics. Ref: Sec. 1983, Civil Rights Act, 42 U.S.C.; Title VI and VII, Civil Rights Act of 1964; Rehabilitation Act of 1973, Sec. 504; Age Discrimination in Employment Act; The Americans with Disabilities Act of 1990 and The Americans with Disabilities Act Amendments Act of 2008; Equal Pay Act of 1963; Title IX of the Education Amendment of 1972; Title II of the Genetic Information Nondiscrimination Act of 2008; Title IX Coordinator, P.O. Box 302101, Montgomery, Alabama 36130-2101 or call (334) 242-8165.
The Senate Bill 334, Alabama Act 2009-564 requires that students must attend school until the age of seventeen (17) and that a Student Exit Interview must be conducted in an attempt to resolve circumstances impeding a student from staying in school. This implementation guide supports consistency with directions for the Student Exit Interview process and facilitates a positive conversation among the student, parent/legal guardian, and advocates for student success. The conversation should address reasons the student is wishing to leave school with resolutions to enhance an academic/behavioral workable situation with graduating on time and/or serving as a productive citizen as the end result.

As a last attempt to provide wraparound support to the student and family, a packet of resources from the community agencies and partners should be shared with the student and parent/legal guardian. It is suggested that some form of follow-up be conducted to enlighten your school system as to what is happening to these students. The information ascertained during the Student Exit Interview process should be filed with the exit interview coordinator and placed in the student’s cumulative record at the end of the school year. An entry on the Student Exit Interview tracking system may serve as summary documentation.

To customize the Student Exit Interview process for your school system, this document may be downloaded at www.alsde.edu, Section, Prevention and Support Services, Dropout Prevention Act Resources.

Roles and Duties

Counselor/Exit Interview Coordinator: To ensure a uniform process throughout our school system, a counselor/exit interview coordinator (may be a counselor, graduation coach, or a lead teacher) has been designated to coordinate and facilitate these meetings. The exit interview coordinator will help to ensure clear communication and uniform documentation of these efforts. The coordinator will also track pertinent information related to dropouts in our school system, including demographics, reason(s) for dropping out, pertinent student history (attendance, academics, discipline, and health), successful interventions, unsuccessful interventions, and follow-up contacts with dropouts.

Principals, Faculty, and Other Staff: principals, counselors, teachers, registrars, attendance/truancy staff, graduation coaches, and other school staff play a key role in this process and in the discussion that takes place during the exit interview. A team approach is necessary to develop and implement successful intervention plans. The team approach also helps ensure students and parents/legal guardians that our school system is strongly committed to helping students succeed in academic and behavioral endeavors and future careers. Following this collaboration, school staff and a student's parent/legal guardian will complete the _________ School System Exit Interview Referral form and forward this information to the exit interview coordinator or designated local education agency (LEA) person for review prior to the student exit interview.

Each school will have designated staff available to meet with a student and his/her parent/legal guardian when the student is attempting to withdraw or to specifically drop out. During the exit interview process, the student and parent/legal guardian are advised of the requirements of the Senate Bill 334, Alabama Act 2009-564, including change in age of dropout and written consent of parent/legal guardian, and the requirement that they attend an exit interview to be scheduled by the exit interview coordinator. The student and parent/legal guardian are also advised that a student's driver's license may be suspended by the Alabama Department of Public Safety until age nineteen (19) if they drop out. Specific interventions implemented and recommendations for new interventions will be shared with the student and parent/legal guardian.

Prior To Student Exit Interview

A variety of resources are provided to our students to discourage the decision to drop out of school. All students and parent/legal guardians presenting to the school to withdraw to drop out will be encouraged and counseled to reconsider. If a student and parent/legal guardian insist on signing a withdrawal form, the following tasks will be performed to begin the Student Exit Interview process.

- Student and Parent/Legal Guardian:
  - Presents to front office at school to acknowledge intention to withdraw (drop out).
  - Receives counsel by school staff to discourage withdrawal to drop out.
  - Initiates withdrawal steps as noted below if student and parent/legal guardian insist on withdrawing.

- Designated School Staff Members:
  - Completes school system Student Exit Interview Referral Form (sample attached).
  - Submits all forms to student exit interview coordinator for review.
  - Maintains copies for student's permanent school files.

- Exit Interview Coordinator:
  - Schedules student exit interview date and time, and provides details to student, parent/legal guardian, faculty, and Juvenile Court (if applicable).
  - Prepares and mails certified letter to parent/legal guardian.
  - Secures any additional details needed from designated school staff regarding attendance, discipline, academics, special needs, and prior interventions.
  - Conducts student exit interview.
  - Records information on Student Exit Interview Tracking System.

It is very important that the school administration supports the efforts of the above designated school staff and student exit interview coordinator to ensure prompt communication and participation from the faculty.

Day of Student Exit Interview

A student exit interview is scheduled at a time that ensures the availability of school staff that is most familiar with the student's history and the administrative staff that has authority to support plans of intervention.

- Student and parent/legal guardian arrive at designated time and place for student exit interview.
- Student and parent/legal guardian are welcomed in meeting where team has gathered to conduct student exit interview.
- Student and parent/legal guardian participate in discussion throughout meeting.

- Exit interview coordinator facilitates the student exit interview meeting.
- Exit interview coordinator introduces all individuals and begins the meeting with an overview regarding student's current situation and past interventions.

- Exit interview coordinator, principal, teacher(s), counselor, graduation coach, central office staff representative(s), special education staff, and juvenile court representative(s) (if invited) serve as a team to propose, develop, and encourage potential options of intervention to support the student back on track with education.

- Upon completion of the meeting, the exit interview coordinator completes the State Department of Education (SDE) "Student Exit Interview" form and tracks data for the SDE and LEA.
- Exit interview coordinator provides the student and family with a packet of educational and community resources as additional wraparound support.
